

Cut ironer feeding
time by up to **30%***

SeeMore™

SeeMore is an industry first, patent pending corner identification system for duvet covers.

With this handy visual aid, operators can see the hand holes immediately, guiding them to the corners faster. This speeds up ironer feeding time by up to 30%, saving you money.

Developed by the Tonrose Labs team, the SeeMore system will save time and help your laundry become more efficient.

Easy to use

No training needed

Improve efficiencies

save 20-30% feeding time*

High-quality

Same high-quality linen you know & trust

Subtle, but effective

SeeMore ID on one side, totally white on the other

Now available across the full
Tonrose bed linen product range
